Ask Your Senators To Vote Against Trump's Unfit Court Nominees

Thomas Farr -- For decades Farr has been the go-to lawyer in NC for actions against voting rights of African-Americans. He also has a long record against workers' protections. Nominated for lifetime judgeship to trial court in NC.

Matthew Kacsmark -- A career advocate against a woman's right to choose, contraceptives, and same-sex marriage. Kacsmark seems to have worked against any policy to ensure equality for the LGBT community. Nominated for lifetime judgeship to trial court in TX.

Howard Nielson -- A top lawyer for the NRA who has represented the NRA in many cases against common sense gun safety. Also against a woman's right to choose and same-sex marriage. Nominated for lifetime judgeship to trial court in UT.

Wendy Vitter -- A long-time organizer for the Right To Life movement who has won an award for her activities. She opposed a resettlement project for Syrian refugees which her employer, the Roman Catholic Archdiocese of New Orleans, publicly supported as a humanitarian effort. Nominated for lifetime judgeship to trial court in LA.

Ryan T. Holte -- Holte is 34 yrs old with less than 3 years of courtroom experience, and he has never tried a case to completion. He is unqualified to be a federal judge. His main qualification appears to be membership in the Federalist Society and the ultraconservative Teneo Network, connected to the Koch Brothers. Nominated for 15-year judgeship to Federal Court of Claims, a national court which covers all states.
