Gun Safety: Kavanaugh opposed the ban on assault rifles in Washington, D.C. He is extremely pro-gun. We need common-sense gun safety. Please vote against Kavanaugh's nomination.

Reproductive Rights: Last year Kavanaugh tried to block a 17-yr-old girl's request for a legal abortion. She had met all the requirements for abortion in her state. I'm worried that Kavanaugh will overturn or weaken a woman's right to choose under Roe v. Wade. Please vote No on Kavanaugh.

Workers' Rights: As a judge Kavanaugh has ruled against workers' rights and workplace safety in favor of big corporations. We need our worker protections. Please vote against Kavanaugh's nomination.

Presidential Immunity: Kavanaugh said that a sitting President should be exempt from prosecution and investigation. A President doesn't even have to answer questions about possible crimes. I'm very concerned that Kavanaugh will protect Trump from his possible crimes and cover-up. Please vote against Kavanaugh's nomination.

Presidential Pardons: Kavanaugh said that a President has unlimited power to pardon any federal offender, even before trial. I'm afraid that Trump will abuse presidential pardons to protect himself, and Kavanaugh will support him on the Supreme Court. Please vote against Kavanaugh's nomination.

Environmental Protection: As a judge Kavanaugh has opposed environmental protection in favor of big business. We need clean water and clean air. Please vote No on Kavanaugh.

Climate Change: Kavanaugh has consistently opposed efforts to stop climate change. There is no Planet B. Please vote No on Kavanaugh.

Consumer Protection: As a judge Kavanaugh favors big business over consumers. We need our consumer protections. Please vote against Kavanaugh's nomination.

Net Neutrality: Kavanaugh is on record against net neutrality. People like me rely on net neutrality to have a small business online. Please keep Kavanaugh off the Supreme Court.

Pro-Big Business: As a judge Kavanaugh sides with big corporations and what they want. We need someone on the Supreme Court who will look out for ordinary people like me. Please vote No on Kavanaugh.
